

JAPANESE MAY LAND IN CHINA

Russian Generals Fear The Mikado Will Violate His Pledge of Neutrality.

IS PORT ARTHUR BOTTLED UP?

Reports Say That the Japs Have Sunk Seven Vessels, Chained Together Across the Entrance of This Harbor.

[Special by Scripps-Mellae.]
Tokio, March 25.—On the night of March 22 the Japanese fleet renewed the attempt to bottle up Port Arthur. Sixteen warships escorted seven merchant steamers to the mouth of the harbor and under cover of the bombardment the steamers ran in and were sunk in desired positions. Three thousand Japanese officers and blue jackets volunteered for this duty. An official report is expected this evening.

Wants Neutralization
Washington, March 25.—Russia is continuing her efforts to induce the United States to agree to the neutralization of the Yellow Peril.

Berlin, March 25.—The Chinese ambassador to Germany, who has

RUSSIAN MARTIAL MUSIC: THE BAND OF A COSSACK REGIMENT ON THE MARCH IN MANCHURIA.

ization of New Chwang and the west coast of the Liaung peninsula so as to prevent the Japanese from using those places as bases for the invasion of Manchuria. The United States informed Russia that she regards New Chwang as being as much within the zone of hostilities as Port Arthur.

Has Gramophone
Berlin, March 25.—Der Tag reports that the saloon on the train which is conveying General Kuropatkin to the far east contains a gramophone with records of comic songs, Wagner and church music. The commander-in-chief of the Russian forces is reported as greatly pleased with the instrument and listens to it for hours at a time.

Is Depopulated
Seattle, Wash., March 25.—Vlad-

NOW PLANNING TO BUILD SEVERAL INSULAR ROADS

Secretary of War Taft Presents Many Plans for the Construction of Railroads in the Philippines.

[Special by Scripps-Mellae.]
Washington, March 25.—A new plan for obtaining railroads in the Philippines, authorizing the Philippine government to guarantee an income not exceeding 5 per cent on capital invested, or to issue bonds for \$20,000,000 and construct the road itself, was presented to the house committee on insular affairs by Secretary Taft. He submitted an entirely new section for the bill under consideration. It authorizes the Philippine government to guarantee 5 per cent interest on bonds or income on preferred or common stock, as it may decide, the total liability not to exceed \$1,500,000 annually. It provides that the act shall contain proper rules for ascertaining the capital invested and the actual net

SNEAK THIEF.

BLIND PRISONER TO SERVE TERM

Marinette Man Must Serve His Sentence in the State Prison for Forgery.
[Special to The Gazette.]
Madison, Wis., March 25.—Sentenced to serve a year in the state prison for forgery, stricken with total blindness, denied all hope of clemency by the governor. That is the experience of Frank Daley of Marinette, who was this morning taken back to the prison at Waupun. He came to Madison, accompanied by a prison guard, for the purpose of pleading with Governor La Follette for a pardon for the remaining three months of his term of sentence and also to seek help in the restoration of his sight. Both missions failed utterly. No hope was held out by the governor for a pardon and none by the optical experts and surgeons that he would ever again see the light of day. The convict is 40 years of age. He was in the hospital of the prison slightly sick, when he awoke from sleep, in the dark of night as he believed, but in the darkness of total blindness as he found upon trying to illuminate the room by turning on the electric lights.

ELEVEN MINERS RETURNED TODAY

Will Be Arrested at Telluride and Thrown into the Bull Pen—Suits Will Start.
[Special by Scripps-Mellae.]
Ouray, Col., March 25.—Eleven deported unionists from Telluride returned to that city by the noon train. As soon as they arrive they will be harassed by the militia. Habeas corpus proceedings will then be begun. If the writ is refused warrants will be sworn out against Telluride citizens charging them with kidnapping the miners.

GRAND JURY HAS MANY IN TOILS

Prominent Democratic Committee-men Are Indicted on Charges Brought.
[Special by Scripps-Mellae.]
St. Louis, March 25.—The grand jury today indicted John J. Levin, democratic central committee man, his brother, Timothy, and James Holmes, charging them with intimidation of voters at the democratic primaries two weeks ago. Fourteen police officers were indicted, charged with neglect of duty on the same occasion.

FAMOUS REBEL LEADER IS DEAD

Colonel Vincent Marmaduke of Missouri Passes Into the Great Beyond.
[Special by Scripps-Mellae.]
Marshall, Mo., March 25.—Col. Vincent Marmaduke, one of the most prominent men in the state, died today. His father was Gov. M. M. Marmaduke. Mr. Marmaduke founded a military college of his name and was also a colonel in the confederate army.

CHICAGO FELT STORM'S POWER

Tornado on the Outskirts of the City Killed Three Men and Wrecked Buildings.

THE PROPERTY LOSS WILL BE LARGE

Hundreds of Thousands of Dollars' Worth of Valuable Buildings Were Totally Destroyed—Same Flurry That Was Felt in Janesville.

Chicago, March 25.—A cyclone, the worst for years, visited the outlying districts of Chicago about 7:30 Thursday night, killing three persons, fatally injuring many others, and destroying hundreds of thousands of dollars' worth of property.

Wires were torn down in all directions, so that many of the outlying towns were in darkness throughout the night, and Chicago herself was practically cut off from all telegraphic communication with the outside world.

The storm, which was followed by

THE EYES OF THE JAPANESE ARMY: CAVALRY SCOUTING.

MRS. ALLEN WHITE SECURED DIVORCE

Green County Woman Granted Decree Yesterday—Husband Did Not Appear.
Mrs. Allen White of Green county, accompanied by her attorney, Colin Wright of Monroe, appeared in circuit court before Judge Dunwiddie yesterday with a plea for divorce. Cruel and inhuman treatment was the charge preferred against the husband with whom she has been living on a farm. The latter did not appear and the decree was granted.

STATE NOTES

Truman Vauerman of Clintonville took a dose of carbolic acid and died thirty minutes later.
George Whinnery's store at Downsville was destroyed by fire. It was insured for \$7,000, half the value.
The Frederic village council has appointed a committee to act relative to the bonding of the village to install a first class water works system.
For himself and others, Emil Stelger of Waupaca is negotiating for the purchase of Scott & McGee's mill at Shawano. The price agreed upon is in the neighborhood of \$60,000.
A team of horses belonging to Isaac Stephenson crashed into a Kenosha electric railway car in a runaway, tipping over and wrecking the vehicle. The conductor and motor man were unhurt.
In circuit court at Kenosha Judge E. B. Belden handed down a decision in regard to the constitutionality of the state game laws, declaring in favor of the state. The judge holds the law is not an infringement of the interstate commerce law.
Frankie M. Willis, sent to Waupun from Racine on June 24, 1902, for a term of two years, on the charge of stealing a horse and runaway from A. McAvoy, called at the hotel in Racine, and demanded her trunk and clothing. She was refused the trunk until a \$12.50 board bill was paid.
Harry Laing, superintendent of the Racine water works, has warned the 5,000 consumers to boil all water before using it. Mr. Laing stated that the land water leaving the river has worked down under the miles of ice outside the harbor, and has extended to the intake pipe, thus affecting the entire city supply.

KILL GENERAL OF REBEL FORCES

Man Who Ordered American Machine Gun Shot, Suffers Death for His Crime.
[Special by Scripps-Mellae.]
Santo Domingo, March 25.—General Kleckas Arias, the insurgent leader who gave orders to shoot Machine Gun Johnson of the United States gunboat Yankee, has been captured by the government forces, court martialled and shot.

ILLINOIS TOWN FEELS CYCLONE

Churches and Stores Are Damaged to a Large Extent by the Wind Storm Last Night.
[Special by Scripps-Mellae.]
Whitehead, Ill., March 25.—The Universalist church, Murray's elevator and the Mannigan hotel were among the buildings damaged by the storm Thursday night. Many other buildings were damaged.

James Scott, an old resident of Chippewa Falls, and engineer on the Wisconsin Central road, was drowned near Chicago while trying to ford a stream.

POLITICS IS A
SUBTLE GAME

ADMINISTRATION MEN HOLD THE
HIGH CARDS AT PRESENT.

WHAT WAS DONE YESTER DAY

Political Chicanery Is Used to Con-
trol the Different Meetings of the
County and State Boards.

Madison, Wis.—Bad news from his political lieutenants in important districts in the state, the notification that state politics must be divorced from a number of municipal campaigns and that the La Follette candidate for the supreme bench, J. C. Kerwin, would be hurt if La Follette made a fight in the Kerwin section of the state, all combined to cause Governor La Follette through the state central committee today to put off the setting of the date of the state convention until April 6, the day following the municipal and judicial elections.

Luse's Victory
Coupled with this situation is the information that should Kerwin be defeated for the bench job by Candidate L. K. Luse, and should Guy D. Goff, the administration candidate for mayor of Milwaukee, be defeated by Mayor Rose, the governor will cause the central committee to rescind the one-convention act, hold one gathering for the selection of delegates to the national convention and another, as always has been done heretofore, late in the summer for the nomination of a state ticket.

Glad to Adjourn
The adjourned meeting of the state central committee yesterday simply, at the order of the governor, did not take any action. Nine of the 22 members reported, only one of them, M. B. Rosenberry of Wausau, being conservative. Proxies of seven of the absentees were in the meeting but were not filed, so that no quorum was present. At the meeting of the committee a week ago proxies were presented, but today the governor was not ready that any action be taken and the proxies remained in the pockets of the members present. Mr. Rosenberry moved that the committee proceed to determine the matters for which the meeting was called. The motion did not receive a second.

Assistant Attorney General W. D. Corrigan moved to adjourn to April 6. Mr. Rosenberry desired to state his objections. He was forced to remain silent by a point of order, the motion prevailed, 8 to 1, the eight La Follette members voting for it and Mr. Rosenberry against it.

More Trouble
In the Dane county committee meeting in the afternoon, controlled by La Follette men, a quorum was counted by use of proxies. The inconsistency and the palpable political chicanery of the governor widely commented upon and hitherto strong La Follette republicans are expressing their disgust with the play-politics of the executive.

Snap Caucuses
The incident yesterday shows that the governor is determined to hold snap caucuses throughout the state. County committees where he is in control are being called together and the power to call the caucuses being delegated to sub-committees. The state convention will be called on short notice, the county caucuses on the least possible notice thereafter and it appears to be the hope of the present executive to win by making the campaign as short as the law allows.

EIGHTEEN INSANE
TO BE REMOVED

From the Rock County Asylum To
the New Institution Recently
Completed at Waukesha.

Eighteen insane patients are shortly to be transferred from the Rock county asylum to the new institution recently completed at Waukesha. This will relieve the crowded condition here greatly as Supt. Kilham and his assistants have had their hands full since the advent of the patients from the burned Racine hospital.

Mrs. E. M. Martin of Milton, Wis., is the guest of her mother, Mrs. R. A. Arnold, of this city.

Simple Way to
Gain weight

"Mi-na, the Flesh Forming Food, Gives Remarkable Results," Says The People's Drug Co. and King's Pharmacy.

Mi-na makes thin people fat! It gives perfect digestion and cures all stomach troubles. The scrawny, emaciated person always has more or less trouble from indigestion. Mi-na will overcome all the ills afflicting the poor, weak, thin dyspeptics. It makes them plump and gives health and strength. It strengthens the digestive organs and restores health so that the daily food is readily assimilated and makes solid bone and firm muscle, rich blood and healthy flesh. In Janesville there are many people who have proven in their own case the remarkable flesh forming qualities of Mi-na. It can be used by the most delicate. It contains no alcohol and is not a cod liver oil preparation. It comes in small tablets, costing 50c a box, and if you take one tablet before eating, you can enjoy a hearty meal and feel that health and good flesh will quickly and surely return.

The People's Drug Co. or King's Pharmacy will give a written guarantee with every box of Mi-na they sell to refund the money if it does not do all that is claimed for it. You certainly can afford to commence using Mi-na with the understanding that it costs nothing unless you are cured.

AMONG THE
WORLD'S WORKERS

News Notes From Various Sources of
Great Interest to the Workman.

Circulars are being sent all local unions under the International Typographical union by the Denver, Col., local, urging the raising of a fund to erect an addition to the Printers' Home at Colorado Springs in honor of the late Congressman Amos J. Cummings.

The Amalgamated Sattel Workers' Association Advisory Board has decided to test the constitutionality of an act passed by the Pennsylvania legislature making it a misdemeanor to discharge employees if they are affiliated with a labor organization or express a desire to be. A Common Pleas court has declared the law unconstitutional. It is proposed to test the validity of the act in the supreme court.

According to Secretary O'Brien of the Bridge and Structural Iron Workers' local of Chicago, Ill., 23.6 per cent. of the members of that local were either killed or injured while at work during 1903. Eighteen were killed, fifteen totally disabled and one hundred and three were injured more or less seriously. The local in that city has voted to increase the wages from 56 1/2 cents an hour to 62 1/2 cents. Simon Burns, president of the window glass workers' L. A. 300 K. of L. has formally announced his intention of retiring. Since his connection with the L. A. 300, he has procured for the workmen advances in wages aggregating 102 per cent.

A proposal to arbitrate the difference between the lithographers and their employers throughout the country has been rejected by the New York union 250 to 28. Should other unions follow suit the employers will lockout 10,000 men throughout the country on March 26. They want the minimum rate of wages raised. They are now earning from \$25 to \$35 a week.

A new stone masons' International union is a possibility. There are about 12 independent locals in the entire country not affiliated with any of the existing International organizations and with these as a nucleus a promising start is anticipated.

In accordance with time-honored custom, the Sailors' union of the Pacific will celebrate on March 7, the nineteenth anniversary of its birth.

The United States Court of Appeals at New Orleans, La., has rendered a decision reserving the judgment of the low court and ordering the release of President Ben Commons and others members of the Street Car-men's union, who were found guilty of a conspiracy to obstruct the passage of the mail. The case grew out of the New Orleans street car strike.

Seventy ring splinters employed in Bonnett Mill, No. 1, New Bedford, Mass., struck work after receiving their envelopes containing weekly payments. Examining their bills they found that the amounts were reduced from \$2 to \$3.

GRANT PATENTS
TO INVENTORS

Many Wisconsin Men Have Secured
Special Rights During the
Past Week.

R. W. Bishop, patent attorney, Washington, D. C., reports the issue of the following patents on the 22d instant to residents of Wisconsin:

- 754,995. Folding receptacle, Alfred Greene, Milwaukee, assignor of one-half to R. A. Klefer, same place.
- 755,024. Wagon stake, F. R. A. MacKinnon, Grand Rapids, assignor of one-half to John Schnabel, same place.
- 755,092. Line-wire clamp, H. C. Willitz, Janesville, assignor of one-half to Henry Mulberger, Watertown.
- 755,105. Electric switch, A. P. Peck, Milwaukee, assignor to Hart & Higman Mfg. Co., Hartford, Conn.
- 755,191. Continuous pasteurizer, T. L. Valerius, Fort Atkinson, assignor to Creamery Package Mfg. Co., Chicago, Ill.
- 755,192 and 755,193. Heaters or coolers, T. L. Valerius, Fort Atkinson, assignor to Creamery Package Mfg. Co., Chicago, Ill.
- 755,196. Illuminating structure, F. L. O. Wadsworth, Williams Bay, assignor to Pressed Prism Plate Glass Co., of West Virginia.
- 755,230. Horse-collar-blocking machine, W. E. Penn, Lake Mills, assignor to F. B. and E. J. Fargo, same place.
- 755,252. Electromagnetic separator, Myron Dings, Milwaukee.
- 755,534. Horse-collar-blocking machine, W. E. Penn, Lake Mills, assignor to F. B. and E. J. Fargo, same place.
- 755,560. Sheet-metal chair-iron, J. W. Bolens and C. J. Travers, Port Washington, assignors to Gilson Mfg. Co.

The capital invested in Canada's fishing industry is estimated at about \$11,500,000.

WEEKLY LETTER
OF STOCK YARDS

What Was Doing in the Cattle Market
in the Windy City During
Past Week.

Receipts of cattle this week have fallen off about 5,000 compared with same time last week. Today we had estimated receipts of 16,000 head and a stronger market, in many cases as much as 10c advance could be obtained. The demand for beef just now is quite small and for the balance of the month will continue so owing to the lean season and the glutted conditions of our outlets. If receipts can be held down for a couple of weeks so the surplus can be worked off and then with the increased demand, which should come at that time, we ought not to have much trouble in advancing prices quite a bit. We have great confidence in the cattle market later on. There has been so little to encourage feeders in the last two or three months to hold their cattle that they have cut them loose regardless of prices prevailing here so that now there are less ready for market than along back and in another month this shortage will be felt more keenly.

In the hog department we have had about 14,000 less hogs than same time last week but prices have declined 10c to 15c from a week ago today. Our market this morning opened 5c to 10c higher on all light and light mixed hogs but on the heavy weights the advance was not more than a nickel and at the close of the advance was all gone on any weights. Packers are very bearish, claiming that they are losing 75c to \$1 a head on every hog they kill, at present prices of provisions, when, as a matter of fact, they are not losing a cent for the reason that they are not making provisions of the hogs now. The western demand has been so great the last month that packers have had scarcely more than enough for their fresh meat trade. Shipments east last week were 61,087, the largest in any week in five years. Prices are now nearly \$2.50 below what they were a year ago at this time. While the packers, by their bearish tactics, have kept prices prevailing their efforts in this direction will be in vain and prices will work upward some in spite of their efforts to keep them down.

The stringency apparent in our sheep trade so far this week was in evidence again today and all offerings were soon disposed of at satisfactory prices. The foreign demand is excellent and as long as it keeps up we will have a good sheep trade. DANIELS, WELLS & CARPENTER.

PASS RESOLUTIONS

Members of A. O. H., No. 1, Mourn
Death of James Murphy,
Janesville, Wis., March 21, 1904.
Whereas it has pleased God, in his great wisdom, to remove from our midst our respected brother, James Murphy;

Resolved, By Division No. 1, A. O. H., of the city of Janesville, that while we bow with humble submission to the will of the Most High, we do not the less mourn for one who, by exemplary life was esteemed by all.

Resolved, That by his death this society has lost a faithful member, and a man whose courage and fortitude was an inspiration to all who knew him.

Resolved further, That the heartfelt sympathy of this division be extended to his bereaved family in this, their hour of sorrow.

Resolved, That a copy of these resolutions be forwarded to the afflicted relatives; to the daily papers of the city of Janesville; to the National Embroidery at Washington, D. C., and that they be also spread upon the minutes of our division.

LAWRENCE CRONIN,
DANIEL LIBBY,
WILLIAM DOUGHERTY,
Committee.

The People's Drug Co. and King's Pharmacy Guarantee to Refund Money if Hyomel Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomel, is entirely different. It is made by the People's Drug Co. and King's Pharmacy, two of the most reliable drug firms in this section. They advertise that if Hyomel does not cure the worst case of catarrh, they will return the money without any question or argument. No business house in Janesville has a better reputation for square dealing than either the People's Drug Co. or King's Pharmacy, and when they guarantee that they will refund the money if Hyomel fails to cure catarrh, no one has any question as to the agreement being lived up to, both in the spirit and letter.

Hyomel is very easy and pleasant to use. Just breathe it through the little nozzle that comes with every outfit, every breath will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat, and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh. The complete outfit costs but one dollar, and extra bottles of Hyomel can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomel at once, remembering that you run no risk whatever when you try Hyomel on the People's Drug Co. or King's Pharmacy offer of "No cure, no pay."

JANESVILLE HAD
MUCH GOOD LUCK

ESCAPED THE FURY OF STORM
LAST NIGHT.

MADISON AND LAKE GENEVA

Were Badly Damaged, and Chicago
Suffered Much from the Fury
of the Wind.

Janesville and a radius of twelve miles about the city was in the lucky zone last night and escaped the real fury of the cyclonic storm that swept over the southern portion of this state and Illinois and seriously crippled the outlying districts about Chicago. The thunder and lightning was heard in this city, the wind blowing for several hours with a strong blast, while the thermometer dropped nearly twenty degrees, but the real fury of the storm passed us.

Chicago Suffered Most
Chicago from all accounts suffered most from the fury of the storm. From Evanston on the north to Indiana Harbor on the south the gale played havoc with dwellings, telegraph wires, and trees. In the first named suburb houses and stores were blown down and several people were killed. The Pennsylvania railroad tower and crossing were wrecked and trains were blocked with the debris. Many the new residences on the lake front were blown off their foundations and in some instances the roofs and other portions of the buildings were hurled into Lake Michigan. Thirty houses were unroofed at Hammond and East Chicago.

Communication Cut Off
Telephone and telegraph wire communication between Milwaukee and points in southeastern Wisconsin as well as Chicago was severely crippled. Sixty-five wires between the two large cities were disabled. Twenty-eight of these were long distance wires of the Wisconsin Telephone Co. They were cut out of communication sixty-five miles south of Milwaukee. The storm wrecked the exchange at Lake Geneva, snapping off eleven fifty-foot poles and tearing down sixty-five wires at that point. No communication could be obtained with points southwest of Lake Geneva. Neither Elkhorn nor Delavan could be reached. The Western Union Telegraph Co. reported twenty-five wires down between Milwaukee and Chicago were disabled.

Winds From Southeast
The heavy winds came from the southeast. The force of the storm lasted only about two minutes.

ROCKFORD WON
BY FIFTY PINS

Defeated the Janesville Bowlers at
Beloit by Narrow Margin
in Close Games.

Rockford won the ninth match of the series between that city and Janesville last night by the narrow margin of fifty pins. The three games were hotly contested and the result of the final contest was the deciding point in the contest. The games were bowled at Beloit and while Rockford won it was by so narrow a margin that the Janesville men are not disgruntled over the defeat.

Well Divided

The first game was taken by Rockford by a score of 903 to 820. The second went to Janesville, by a score of 908 to 822 and the third again went to Rockford with 917 pins to 824 for the locals. For Janesville Ruhland did the best work and his average was 196. H. Needham of Rockford was their star man and his average was 183.

EVANSVILLE HAS
VIEWS ON RESULT

Tells of the Fact That Tobacco Is
To Give Way to Sugar Beets
in Rock County.

The locating of a beet sugar factory in Janesville promises a great revolution in the tobacco raising business, especially in this county with the discouraging outlook for the 1904 crop, says the Evansville Tribune. It looks as if there would be a large amount of the tobacco ground sown to beets even this spring and much more to follow should these trials prove profitable, and let us all hope and pray that the raising of beets may prove the most profitable for there is no question but what the raising of tobacco upon the whole has been a damage to the whole state of Wisconsin and especially to the districts where it has been most grown. A practicable well to do farmer has pointed us to some locations where the farmers have ignored the raising of tobacco and stuck steady to the dairy and stock business and are much better off and more prosperous in every respect than those who have grown tobacco, and their children have not suffered from being kept from school as they have in the tobacco growing districts. Every farmer and parent should have the best good of their children at heart as well as the almighty dollar, we can get along much better without the tobacco than with ignorant children who make ignorant men and loafers. May the Janesville beet sugar factory be our redemption from this great tobacco growing curse.

PUT A DAMPER ON THE MILLS

RISE IN ROCK STOPPED WHEELS OF INDUSTRY TODAY.

FULL FOURTEEN INCH RAISE

In the Surface Since Yesterday Noon — Doty, Blodgett and Jeffris Mills, and Riverside Laundry Close.

At noon today Rock river had risen fourteen inches above its mark of yesterday and is now flowing triumphantly over the top of the board placed on the bank by E. B. Blodgett in 1901 to register its advances. It goes three inches higher there will be trouble for the stores along North Main st. which have the misfortune to possess basements. For the platform built under the Milwaukee street bridge is just about that altitude above the present surface. Once this is reached it is calculated that the back water will raise the surface between the bridge and dam twelve inches.

Bowling Alleys Endangered
Water is already creeping into the pits of the Leffingwell bowling alleys. The flooring of the pits is about eight inches below the level of the alleys. Captain "Bob" Hockett began to grow anxious at midnight last evening and several times before morning sought the rear of the building to scan the surface of the turbulent waters with a critical eye. If the river gets to the alleys it is almost certain that they will be warped and ruined.

Laundry Is Flooded
With four inches of water in its basement washing rooms and the river within a few inches of the fire-box of its engine, the Riverside Steam Laundry ceased to operate this morning. Electricians were called to install a motor and it was hoped that some of the machinery on the first floor might be run this afternoon. The washing and starching machines, all of which are in the basement, will have to stand idle until the flood subsides.

Mills Cease Work
The wheels of the Blodgett elevators and feed mills also failed to turn this morning. The belt wheels were partially submerged and some of the shafting was only a few inches above the water. There were two and a half feet of water in portions of the basement. The same condition prevailed at the Jeffris mill and the water, breaking over the flumes, rendered the water-wheel useless. Trouble with the steam boiler necessitated the closing down of that mill yesterday. Several of the elevators at the Doty mills were an inch or two too low for the present emergency and that concern also ceased to grind this morning. The water cut out the furnace fire under E. B. Helmstreet's drugstore.

SUIT DISMISSED BY COMPLAINANT

A. Benes Drops His Suit Against the Floyd Crawford Company.

The suit against the Floyd Crawford Co., brought by A. Benes to recover the difference in prices in a deal in international paper stock has been dismissed by the complainant. Mr. Benes is sorry that the impression has spread that he had sued the Floyd Crawford Co. on the charge of bucket shopping a deal and states emphatically that this was not the grounds of the suit.

SMALL FIRE IN THE HOME HOTEL

Made Much Smoke But Did Little Damage at Five-Thirty This Morning.

There was a small fire in the Home hotel, opposite the new postoffice building, at half-past five o'clock this morning. A chair and a coat were scorched but the flames were soon extinguished and little damage resulted. The fire department was not called out. Officer Fred Benes assisted in putting out the blaze.

REPUBLICAN CAUCUSES

Town of Rock Caucus
Notice is hereby given that a republican caucus will be held at Brinkman's hall in the village of Rock, Saturday, April 2nd 1904 at two o'clock p. m. for the purpose of nominating a town ticket and for the transaction of any other business that may properly come before the meeting. By order of Committee.

Republican Caucus
The republican election of the town of Fulton will meet at town hall at Indian Ford, Saturday, April 24, 1904, at 2 p. m. for the purpose of nominating town officers and for the transaction of such other business as may properly come before the meeting. By order Rep. Town Com.

Town of Johnston
Notice is hereby given that there will be held at the Woodman's hall at Johnston Center, a town caucus, Saturday, April 2, at 2 o'clock p. m. for the purpose of nominating officers and the transaction of such other business as may properly come before the caucus. By order of town committee.

Funeral of Mrs. Tracey
Funeral services over the remains of the late Mrs. Thomas Tracey of Afton will be held Saturday morning from St. Patrick's church at 10:30 o'clock.

SENIORS PREPARE FOR CLASS PLAYS

"Two Roses" Will Be the Curtain Raiser, and a Three Act Comedy Is Soon To Be Selected.

High school seniors will present two amateur plays at graduation time. "Two Roses," a twenty-minute comedy, will be the curtain raiser and "Mr. Bieb" is likely to be the other play decided upon. Though "She Stoops to Conquer" and "The Merchant of Venice Up to Date" are being considered. Mrs. Day will have supervision of the arrangements, though the selection of the play is to be left to the class. The available dramatic material this year is exceptionally good and something extraordinary may be anticipated.

THE WEATHER
Temperature last 24 hours taken from U. S. registered thermometer at Helmstreet's drugstore: highest, 59 above; lowest, 30 above; ther. at 7 a. m., 32; at 3 p. m., 40; wind, south.

HARD RUN OVER THE MUDDY ROAD

It Took the Fire Department Fifteen Minutes to Reach Monterey—Patrol Horse Fell.

As two of the workmen employed at the Janesville Art Study Mfg. Co.'s plant, which is now running nights, were about to leave the place shortly after nine o'clock last evening, one of them happened to see a spark drop into a pile of shavings near the sticking machine on the second floor. The spark was evidently thrown off from a hot-box. While the man who had seen the spark ran to secure a bucket of water his companion hastened to the fire-alarm box. The department was called out and the run through the minutes. One of the horses on the patrol fell on the way out and five more minutes were required to get the animal on its feet again. The men had put out the blaze by the time the department arrived on the scene. Had it not been for the chance observation of one of the two workmen it is probable that nothing could have saved the factory.

THREE BAD BOYS STOLE A PURSE

Belonging to Miss Myers, Which Was Left in the Hotel—Property Was Returned.

Miss Katharine Myers while examining some of the work being done by the painters and decorators in the Myers hotel one day this week, left a pocket-book containing some three dollars in currency and a number of other valuables in one of the rooms. When she left the hotel without it, three bad boys who were hanging about the premises proceeded to appropriate the property. They were apprehended and taken to the city hall but released upon returning the stolen money. Miss Myers being unwilling to prosecute them.

Car Load of Oats

Car of yellow Russian seed oats best oats on earth, weighing 34 lbs. per bushel. It yields a third more than ordinary seed. 75c per bushel. PAUL RUDOLPH.

LINE CITY WAS STORM RIDDEN

FELT THE FURY OF LAST NIGHT'S CYCLONE.

MANY CHIMNEYS BLOW DOWN

Thompson's Factory Suffers Again—Mrs. Thompson Is Dying—Broken Down by Losses.

Word from Deloit this afternoon states that the storm of last night which did so much damage throughout the country, was felt in the Line city last night with a vengeance and that for a few minutes the wind blew with cyclonic fury, taking away heavy iron smokestacks and twisting them into all sorts of shapes. It also partially unroofed several factories and did much damage to trees and residences.

Thompsons Fated
The Thompsons' interests in Beloit seem to be fated to destruction as one of the places most damaged by the blow was the Thompson factory in the center of the city and this was partially unroofed and the large iron chimney blown completely away. Mrs. John Thompson, the wife of the founder of the Thompson industries, is lying at the point of death this afternoon and it is thought that the burning of the engine factory and the storm last night are responsible for her condition.

Interurban Sunday
Manner Clough said today that the interurban line between Janesville and Deloit would be in operation again by Sunday, unless some unexpected contingencies arose. William Nutt has resigned his position as superintendent of the road and has been succeeded by Edward Stole who is now busily engaged with his crew of men in repairing the washouts.

ST. PAUL TRAINS WERE VERY LATE

Reported That One of Them Was Delayed by House Boat Hurled Onto the Track.

The train due at Janesville about nine o'clock over the Janesville & Southeastern branch of the St. Paul road was an hour and a half late last evening, as were several of the other trains. It was reported that the storm threw a house-boat across the tracks near Fox Lake, Ill., but this report could not be confirmed. Passenger Agent Johnson had heard nothing of it. He said all of the trains were much delayed owing to the inability to transmit train orders over some of the disabled telegraph wires.

MUCH ALARM FELT REGARDING LAW

Claim Is Made That Foreign Get-Rich-Quick Games Are Being Worked in the State.

"While the laws of Wisconsin protect the people from the operations of Illinois and other foreign get-rich-quick concerns, the people are utterly at the mercy of such companies as are organized in the state of Wisconsin. The gullible are being swindled every day."

This is the report of Wisconsin State Commissioner of Banking M. C. Bergh, regarding building and loan associations. The legislature a year ago revised the law of guaranty for these associations, intending to place more restrictions on the investment companies of other states attempting to operate in Wisconsin, and the new law was so framed as to drive out all foreign companies, but place no restriction at all on the investment companies of this state. It is the outgrowth of this law that causes Commissioner Bergh to be alarmed.

FIRST STEPS IN INTERURBAN MOVE

Watertown Grants a Franchise to Company That Plan to Build to Janesville.

First steps in what may result in the interurban communication with Milwaukee, by way of Jefferson, Johnsons Creek, Watertown and Oconomowoc, was enacted last night at Watertown when the common council passed a franchise in favor of the Oconomowoc & Watertown Heat, Light & Power company, giving them the use of several streets for a period of forty-five years. It is the intention of this company to build a road from Watertown to Madison and later one south, by way of Johnsons Creek and Jefferson, to Janesville. The project has long been under consideration and it is thought at Watertown that it will be carried to completion.

NEWS OF A PERSONAL NATURE

Mr. C. S. McFadyen has recovered from his fall sufficiently to attend to business.

Mr. and Mrs. John Heller are rejoicing over the safe arrival of a baby daughter Sunday. All doing well.

Mrs. George Doty and daughter of Elderton are visiting in the city.

Mrs. George Appleby has so far recovered from her protracted illness as to be able to go to Rockford today to make a short visit with her sister.

Miss Luella B. Starr of Newark is visiting at the home of County Clerk Frank Starr.

A meeting of the republican city committee, and of the several republican ward committees, and of all republican nominees for city and ward offices is hereby called to be held Saturday evening, March 26th, 1904, at 7:30 p. m. at the city hall. W. J. McINTYRE, Secretary. M. O. MOUTAT, Chairman.

WHAT SIDEWALKS ARE NOW LAWFUL

Text of the Ordinance Passed by the Council Relating to Their Construction.

All sidewalks hereafter built or rebuilt within the city of Janesville shall be constructed of concrete, artificial stone, dressed stone, paving brick, extra hard burned brick, tile, or asphaltum, in the most approved manner and shall not be less than five feet wide; except in cases where the common council shall deem it advisable to establish a narrower width. Also, all sidewalks built or rebuilt upon East Milwaukee street from Division street to Rock river, upon West Milwaukee from Academy street to the river, upon North Main from Prospect Ave. to East Milwaukee street, upon South Main, from East Milwaukee to South First, and upon South River from West Milwaukee to Pleasant, shall extend in width from the curb line to the outer line of the street. Thus reads the sidewalk ordinance which has been duly published and now has the force of law in Janesville.

DOG ORDINANCE IS TO COME UP

OLD CITY LAW TO BE REVIVED SOON.

ALD. SCHWARTZ FAVORS IT

This Would Relieve the City of Many Worthless Curs, and Insure Safety for Pedestrians.

Unless present plans miscarry the oldtime dog license will be revived within a few months, the city treasury replenished and the safety of pedestrians from the snapping of useless curs assured. It will clean the city of a lot of animals whose chief delight is to bark at horses and snap at passersby. It will establish a fund in the city treasury that will fully pay all salaries and expenses of a dog-catching department, and will leave something over for city expenses.

Alderman Schwartz stated this morning that he favored such an ordinance and that he would introduce such a one at a meeting of the council in the near future. He would not state whether it would be the old ordinance or an entirely new one, but he was positive that such an ordinance was needed and that the council would soon have a chance to vote upon it.

In their Cities
Such ordinances are in vogue in many other cities throughout the state and the number of dogs are thus curtailed and the citizens are not bothered with a lot of useless animals whose chief delight is to fight. In Madison several years ago the dog owners became lax in their payment of the license fee and the chief of police swore out warrants for all owners who had not come up to time. Many of them were influential citizens but they were brought into court, fined three dollars and were made to pay the fee. The fine was in all the cases remitted, but the dog license was paid.

Amusing Scenes
Many amusing scenes were enacted in the court where the hundred cases were called, sometimes fifteen or twenty being brought in one day. The papers published the names of the victims and the rush for dog tags after the crusade began was wonderful. Such a thing could be done in Janesville to guarantee the payment of the license if it was necessary.

Mad Dogs
During the spring and summer months cities throughout the state are always troubled with a mad-dog scare. Janesville has not escaped this fashion and although no one has been really bitten by a mad dog still there is always a liability that such a thing will happen. The Humane society has long favored such a dog license to restrict the number of canines in the city. The present move of Alderman Schwartz will meet with a warm support from the citizens generally.

Age of the World.
An eminent authority estimates that life first appeared on the earth 400,000,000 years ago; a computation that is receiving much support from the best geologists in the world.

ONE MORE DAY FOR PICTURES

The Thurber Collection of Paintings Will Be Viewed by School-Children Tomorrow.

It was announced at the art exhibition last evening that the pictures would not be removed from the library until after Saturday. This arrangement is made to enable the school children to view the valuable collection. Despite the unfavorable weather there was a good attendance at the exhibition both afternoon and evening yesterday and a large crowd is expected this evening.

ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My blood had been poisoned by S. S. S., told me about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Yours truly,
MISS JOSE A. BURTAIN.

Moran of the Lady Letty

By
**FRANK
NORRIS.**
Author of "The Octopus," "The Pit," Etc.
Copyright, 1898, by
S. S. McClure Company

"It didn't seem possible," Wilbur heard her saying to herself, "but there can't be any mistake. It's the stuff, right enough. I've heard of such things, but this—but this!" She rose to her feet, tossing back her hair.

"Well," said Wilbur, "what do you call it?"

"The thing to do now," returned Moran, "is to get clear of here as quietly and as quickly as we can and take this stuff with us. I can't stop to explain now, but it's big—it's big. Mate, it's big as the Bank of England."

"Those beachcombers are right on to the game, I'm afraid," said Wilbur. "Look, they're watching us. This stuff would smell across the ocean."

"Not the beachcombers! There's a bit of wind, thank heaven, and we can do four knots to their one, just let us get clear once."

Moran dragged the hammock back into the cabin and, returning to the deck, helped Wilbur to cut away the last trailing tackle. The schooner righted slowly to an even keel. Meanwhile the junk had set its one long sail and its crew had run out the sweeps. Hoang took the steering sweep and worked the junk to a position right across the Bertha's bows some fifty feet ahead.

"They're watching us, right enough," said Wilbur.

"Up your mains!" ordered Moran. The pair set the fore and main sails with great difficulty. Moran took the wheel, and Wilbur went forward to cast off the line by which the schooner had been tied up to one of the whale's flukes.

"Cut it!" cried the girl. "Don't stop to cast off."

There was a hail from the beachcombers, the port sweeps dipped and the junk bore up nearer.

"Hurry!" shouted Moran. "Don't mind them! Are we clear for'ard—what's the trouble? Something's holding her." The schooner listed slowly to starboard and settled by the head.

"All clear!" cried Wilbur.

"There's something wrong!" exclaimed Moran. "She's settling for'ard." Hoang hailed the schooner a second time.

"We're still settling," called Wilbur from the bows. "What's the matter?"

"Matter that she's taking water," answered Moran wrathfully. "She's started something below, what with all that lifting and dancin' and tricin' up."

Wilbur ran back to the quarter deck. "This is a bad fix," he said to Moran. "Those chaps are coming aboard again. They're on to something, and, of course, at just this moment she begins to leak."

"They are after that ambergris," said Moran between her teeth. "Smell it, of course—the swine!"

"Ambergris?"

"The stuff we found in the whale. That's ambergris."

"Well?"

"Well!" shouted Moran, exasperated. "Do you know that we have found a lump that will weigh close to 250 pounds, and do you know that ambergris is selling in San Francisco at \$40 an ounce? Do you know that we have picked up nearly \$150,000 right out here in the ocean and are in a fair way to lose it all?"

"Can we run for it?"

"Run for it in a boat that's taking water like a sack! Our glory's gone. Suppose we got clear of the junk and the Bertha sank? Then what? If we only had our crew aboard; if we only were ten to their dozen—if we were only six—by Jupiter, I'd fight them for it!"

The two enormous red eyes of the junk loomed alongside and stared over into the Bertha's waist. Hoang and seven of the coolies swarmed aboard.

"What now?" shouted Moran, coming forward to meet them, her scowl knotting her flushing eyes together.

"Is this ship yours or mine? We've done your dirty work for you. I want you clear of my deck." Wilbur stood at her side, uncertain what to do, but ready for anything she should attempt.

"I think you catchum somethin', smelin' pretty big," said Hoang, his ferret glances twinkling about the schooner.

"I catchum nothing—nothing but plenty bad stink," said Moran. "No, you don't!" she exclaimed, putting herself in Hoang's way as he made for the cabin. The other beachcombers came crowding up. Wilbur even thought he

Moran at grapples with Hoang.

possible that at least two-thirds of the ambergris did belong to the beachcombers by right of discovery. After all, it was the beachcombers who had found the whale. He could never remember afterward whether or no he said as much to Moran at the time. If he did, she had been deaf to it. A fury of wrath and desperation suddenly blazed in her blue eyes. Standing at her side, Wilbur could hear her teeth grinding upon each other. She was blind to all danger, animated only by a sense of injustice and imposture.

Hoang uttered a sentence in Cantonese. One of the coolies jumped forward, and Moran's fist met him in the face and brought him to his knees. Then came the rush Wilbur had foreseen. He had just time to catch a sight of Moran at grapples with Hoang when a little hatchet glinted over his head. He struck out savagely into the thick of the group—and then opened his eyes to find Moran washing the blood from his hair as he lay on the deck with his head in the hollow of her arm. Everything was quiet. The beachcombers were gone.

"Hello! What—what—what is it?" he asked, springing to his feet, his head swimming and smarting. "We had a row, didn't we? Did they hurt you? Oh, I remember. I got a cut over the head—one of the hatchet men. Did they hurt you?"

"They got the loot," she growled. "Filthy vermin! And just to make everything pleasant, the schooner's sinking."

CHAPTER VIII.

"SINKING!" exclaimed Wilbur. Moran was already on her feet. "We'll have to beach her," she cried, "and we're six miles out! Up r' Jib, mate!" The two set the jib, flying jib and stay-sails.

The fore and main sails were already drawing, and under all the spread of her canvas the Bertha raced back toward the shore.

But by the time she was within the head of the bay her stern had settled to such an extent that the forefoot was clear of the water, the bowsprit pointing high into the heavens. Moran was at the wheel, her scowl thicker than ever, her eyes measuring the strength of water that lay between the schooner and the shore.

"She'll never make it in the world," she muttered as she listened to the wash of the water in the cabin under her feet. In the hold empty barrels were adrift, knocking hollowly against each other. "We're in a bad way, mate."

Elmo CACTARINE IT CURED ME OF HEART DISEASE

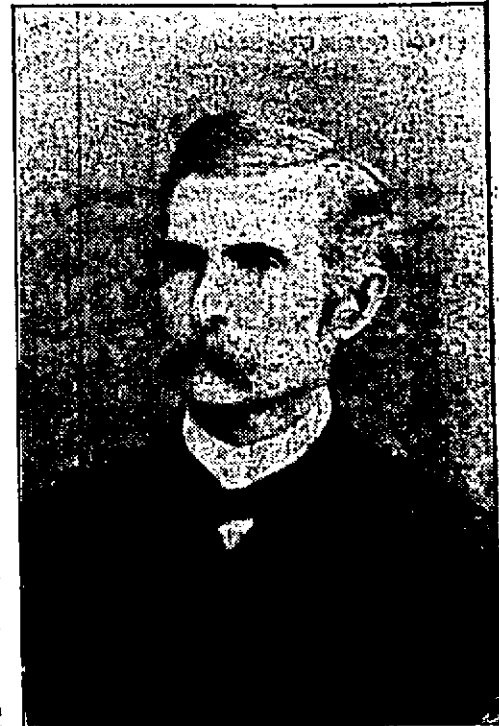

Rev. J. A. WOOD, Pastor of Christian Church, Manchester, Ind., writes:

Elmo Chemical Co., Des Moines, Iowa.
Gentlemen:—Some weeks ago I received the Cactarine Tablets I ordered from you. I have used them, perhaps about half of the box, and I find them very beneficial in my case. They control the heart's action so perfectly that now I hardly realize that I have a heart at all. I can cheerfully recommend their use to all who are afflicted as I was, with palpitation and smothering spells.

You are at liberty to use this letter in any way you please, so that all sufferers in the world may know that there is a preparation that will cure them of their heart trouble.

I regard Cactarine as a great medicine for its purpose, and I cheerfully give it my unqualified endorsement.

Gratefully yours,
REV. J. A. WOOD.

The wonderful results Rev. Wood obtained from Elmo Cactarine are duplicated in every case. The universal opinion of people who have used Cactarine, as well as physicians who have tested and prescribed Elmo Cactarine, is that it is a remarkable medicine, which produces phenomenal results in all cases of Stomach, Heart and Nerve Troubles. No matter how serious your trouble may be, the fact that it has cured thousands of others, many who had given up all hopes of being cured, proves the efficiency of Elmo Cactarine. Buy a large box and try it. It is sold with a written guarantee. If the medicine does not benefit you, your money is refunded.

**FREE TO ALL A 25c BOX OF
ELMO CACTARINE**

Elmo Cactarine not only cures all Diseases of the Heart, but proves equally effective in all Stomach and Nervous Disorders, such as Dyspepsia, Indigestion, Sour Stomach, Nervous Prostration, Weak, Irritable Nerves, Sick Nervous Headaches. It cures these afflictions as well as Heart Disease.

**FREE COUPON
No. 188**

Cut out this coupon and send it with your name and address to Elmo Chemical Co., Des Moines, Iowa, and they will send you free of charge a 25c box of this wonderful medicine.

ELMO CACTARINE IS GUARANTEED—READ THIS

All druggists selling Elmo Cactarine are authorized by the manufacturers to give a written guarantee to everyone purchasing a large box of 100 doses, price \$1.00, and to refund the money to everyone who is not benefited after using the medicine according to directions. It is for you to decide.

THANKS JUDGE FOR SENTENCE

Indiana Murderer is Grateful When Death Penalty is Pronounced.

Terre Haute, Ind., March 25.—Late last night the jury in the trial of Jerry Duggins for the murder of Mrs. Sarah Ramsay and her two children, Marie and Marie, returned a verdict of guilty of murder in the first degree against the prisoner. Judge Pity immediately sentenced Duggins to be hanged by the neck until dead by July 8 at the Michigan City prison. "All I have to say is that I thank you all," was Duggins' reply after the sentence had been pronounced.

ADMITS WRECKING HIS BANK

President Broderick Pleads Guilty and His Trial Stops.

Indianapolis, Ind., March 25.—President Broderick of the defunct Elkhart National bank stopped all proceedings in his trial in the federal court by pleading guilty after the prosecution had overwhelmed him with evidence of his guilt. "I have nothing to say, gentlemen," said Broderick when asked for an explanation of his change of plea. Broderick was charged with peculations that wrecked the bank.

DESTROYS RELICS OF PAST AGE

Wisconsin Farmers Level Indian Mounds to Build Public Highway.
Racine, Wis., March 25.—The Teogarden Indian mounds, the finest in the state, which has numerous such monuments to past races, have been destroyed by farmers who took the earth of which the mounds were made to grade a road near this city. Laws are being passed by the legislature for the preservation of such relics.

RAILROAD HELPS IRRIGATION PLAN

Would Aid Settlers in Securing Homesteads in the Fertile Western Country.

Word comes from Montana that a number of the late Boer commanders, among them Gen. J. D. Joubert and Capt. W. A. O'Donnell, have been looking over various sections of that state with a view to finding an easily irrigated location where a large Boer colony can be established. The Boers desire to homestead upon government land which can either be irrigated by their own cooperative canal building or else come in under the government irrigation work projected in Montana. They have expressed themselves as amazed at the opportunities afforded by the Milk River Valley for their people, and it is stated that they will recommend this fertile section to their compatriots.

The Immigration agents of the Great Northern Railway state that two of the Mormon apostles have also been looking into the advantages offered in the Milk Valley and there is strong probability of a large Mormon colony familiar of course with irrigation in all its branches, locating in this section of Montana.

The policy of the Great Northern road is the encouragement of settlement throughout the territory it taps, into small irrigated farms, and to this J. J. Hill, its President, has been a steady advocate of the repeal of the Desert Land Law, under which single ranches have been built up in Montana from government lands, aggregating fifty thousand acres and upwards.

With the Great Northern railroad, the repeal of the land laws is a plain business proposition. Such action by Congress would mean the settlement of the territory through which the road runs, by thousands of small farmers and a doubling and quadrupling of the road's traffic over that resulting from the cattle and sheep grazing industry on unfertilized land where it requires fifteen or twenty acres to keep a steer.

GIRL'S SLAYER KILLS HIMSELF

Body of Man Who Threw Woman's Corpse Into Well Is Found.

Georgetown, O., March 25.—The body of George Kelch was found in Straight creek, five miles east of this city. The body of Ian Mathews was found in a well near here. She had previously rejected Kelch, who compelled her to accompany him in a buggy at the point of a revolver. It was generally believed that Kelch murdered the girl that night and threw her body into the well. It is evident that after murdering the girl he drowned himself.

Resigns Mayoralty to Carry Mail. Mexico, Mo., March 25.—I. J. Hend, young democratic mayor of Central, has resigned his office to become a rural mail carrier for Uncle Sam.

Rain Benefits Wheat. Salina, March 25.—The only rain of consequence in months fell throughout central Kansas, thoroughly soaking the ground. Wheat was badly in need of moisture.

Collides With Snow Plow. Helena, Mont., March 25.—A Great Northern passenger train collided with a rotary snowplow near Browning. One passenger and three trainmen were injured.

British Revenue. Liverpool, March 25.—The revenue is coming in better than expected, the treasury having instructed its officials to use every means to swell the government receipts.

Deputies In All-night Session. Paris, March 25.—The chamber of deputies held a stormy all-night session over the government's attitude toward the congregations and the teaching bill.

Flat-bottomed Gunboats. Birmingham, March 25.—It is reported that the British admiralty will have constructed a number of flat-bottomed gunboats for service in Chinese rivers.

JANESVILLE MARKET REPORT

Mexican Fairs. Every city, town and village in Mexico has its annual fair, not like the county fairs in the United States, but several days given to pleasure, usually in celebration of some religious event, when it puts on its holiday attire, and all the people for miles around congregate for business and pleasure.

Supply Grain to the World. The United States and the United Kingdom together produce between two-thirds and three-fourths of the world's cereal; the United States produces over one-third and the United Kingdom produces a little under one-third of the total.

MEN YOU KNOW

Tell How They Found Life and Health and Strength in Rexall Mucu-Tone

PROMINENT CHICAGO OFFICIALS LEND THEIR NAMES TO A WORTHY CAUSE

On this page are published letters from a number of men prominent in the affairs of the municipal government of the city of Chicago.

You know all of these men by reputation if you read the papers. They are earnest, honest, sensible men—men who could not afford to be identified with anything not open and aboveboard. You know that if they say a medicine has cured them it is the truth. Hardheaded, common-sense business and professional men do not IMAGINE a remedy helps them. There is no faith cure about it. It either CURES THEM or IT DOESN'T.

Reading these testimonials, you may ask how it is that prominent men like them are willing to go before the public in this light, telling their private affairs—for sickness is certainly a private matter—and endorsing the patent medicine that cured them. There is nothing very strange about it. They know there are thousands of men and women who are sick and suffering who would soon be strong and well if they were to begin taking

Rexall Mucu-Tone

They also know that these people have spent much money on medicines that failed to help them—money that perhaps they could ill afford to lose—and that without strong assurance to the contrary would assume that Mucu-Tone was but another of the same worthless mixtures, and so lose their chance to get well.

In other words, they know that by sacrificing their own feelings in thus endorsing Mucu-Tone they would be the means of getting all these sick people to give it a trial—the means of bringing new life and health to thousands.

This argument was presented to the Chicago officials when they were asked for their permission to publish their testimonials, and in justice to them it must be said that when they realized how much good it would do they did not hesitate an instant.

Some of them even said that their own gratitude for having been cured by this wonderful new medicine was in itself enough reason for allowing their experiences to be published. Every body was wanted to get the names of men so prominent everybody would know them and would also know that they were genuine.

Everyone knows that no one WOULD DARE sign the names of members of the Chicago City Council to any "faked up" testimonials: certainly NO PAPER WOULD DARE PUBLISH THEM, and even the most skeptical must admit that men of such high standing cannot be bought.

All of these testimonials are just plain, honest statements of facts. They tell how the writers suffered and how Rexall Mucu-Tone cured them. We want you to believe this so that you will know what medicine to take if you are feeling weak and bad or if you have any kind of catarrh.

Mucu-Tone is no secret nostrum—nothing that could possibly injure anyone. It is a scientific compound of the highest merit.

A MODERN CURE FOR CATARRH

Rexall Mucu-Tone is a positive and permanent cure for every form of catarrhal affection. More than this, it is a great restorative tonic and body-builder.

Mucu-Tone is the discovery of a group of famous catarrh specialists working in the laboratories of the United Drug Company in Boston, Mass.

Unlike all other catarrh remedies it works through the blood, being carried by the arteries direct to the affected surfaces. Here, acting upon the mucous cells, it drives out the poison, relieves the congestion, and heals the sore membranes. The functions of the mucous membrane are thus restored, the discharge ceases, all impurities are carried away naturally, the blood revitalized and perfect health restored.

Mucu-Tone is no slow, dragging remedy that wears out the patient and the medicine. Its action is quick and positive. From the first dose its strengthening, healing influence is felt. The first week's treatment will trace you up wonderfully, while from four to six weeks should effect a complete and permanent cure.

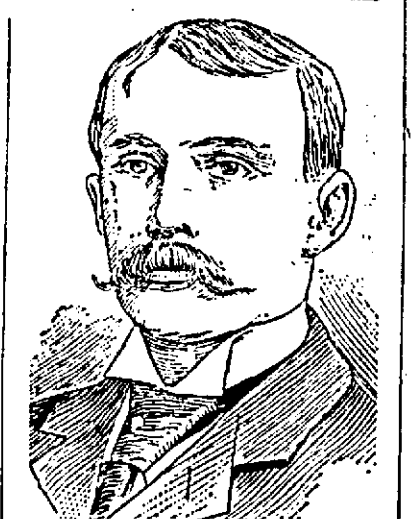

John H. Spangler, city engineer of Chicago.

"I suffered for years from nasal catarrh and troubles of the throat and bronchial passages. The first year I assumed the duties of commissioner of public works the trouble became acute. Constant exposure often aggravated my complaint. A short time ago a friend called my attention to Mucu-Tone and said it would cure me. He was so enthusiastic that I set aside my natural prejudice against a proprietary remedy and bought a bottle. The result was speedy and most gratifying. Mucu-Tone cured me. I have had no trace of the trouble since I have finished the treatment."

D. W. Berris

Frederick W. Block, commissioner of public works of Chicago, is at the head of the largest municipal department in the world. Under his care comes Chicago's \$35,000,000 water supply system, with its great lake cribs and thousands of miles of mains, the \$20,000,000 sewer system, which drains every portion of the great prairie metropolis. The pay-roll of men working in his department amounts close to \$5,000,000 a year.

All Other Remedies Failed.

"Last winter I contracted a case of the grippe, and following it I suffered from a severe inflammation of the mucous membrane of the nose and throat, for which I could find no relief. I feared I was on the way to chronic catarrh. I tried the usual home remedies, but with merely an alleviating effect. My druggist called my attention to the merits of Mucu-Tone, and in the course of a few weeks' treatment every troublesome symptom had disappeared. The cure was rapid."

J. H. Spangler

John H. Spangler, city engineer of the city of Chicago, is one of the foremost men of his profession in the country. The plans for some of the greatest municipal works in the last few years have originated in his brain and have been carried out under his technical direction. He is a man of commanding authority in his profession.

CATARRH HAS MANY FORMS.

Catarrh is a disease of the mucous membranes. Many people think the term catarrh applies to a disease of the head and throat only. This, however, is an erroneous idea. Catarrh has a far greater scope. It not only affects the head and throat, as is commonly recognized, but works farther down into the air passages, where it becomes known as bronchitis, and into the lungs, where it quickly develops into dread consumption.

Frequently it affects the stomach, where it quickly develops into acute gastritis. From the stomach it is but a step to the intestines, and here the disease assumes one of the most dangerous phases. Again, it may affect the kidneys, the liver, or the pelvic organs. When catarrh seizes upon these organs any delay whatever is dangerous. The sufferer should at once purchase REXALL MUCU-TONE and take according to directions. If he will do this he will feel relief after the first few doses, and it will be but a short time until he regains vigorous health.

Give it a trial. If it does not cure you—if you are not more satisfied with the health and strength and freedom from city health you—we give you back your money.

Prominent Official's Indorsement.

"I cheerfully add my endorsement to those who have words of praise for Mucu-Tone. I consider it the world's greatest remedy for all ailments of the mucous membrane system. I have taken the remedy with the most satisfactory results. I know of one of my constituents who was cured of an aggravated case of catarrh of the stomach through its use. I endorse it most heartily."

Robert K. Sloan

Mr. Sloan is not only one of the prominent and most popular members of the city council of Chicago, but also owns one of the largest undertaking businesses in that city, and is a well known member of the Chicago Undertakers' Association. Such testimony as this must prove the value of Mucu-Tone beyond all question.

TAKE MUCU-TONE IN THE SPRING.

Mucu-Tone is a splendid tonic at all times, but in the spring in particular every body needs it.

During the winter you have been shut up in the house, eating rich foods, taking no exercise, and getting yourself in bad condition generally. Your blood has become thick and full of impurities, your liver is torpid, your kidneys deranged, your complexion sallow and pimply.

In the old days at such a time you would have taken sulphur to thin your blood, tonic to strengthen you, and pills to stimulate your liver. And you would have missed the one portion of your anatomy that really needs cleansing—the mucous membranes. This for the reason that the other troubles are largely the result of inactivity of the mucous cells and can only be remedied by restoring these to health.

The one medicine above all others that you need in the spring is Rexall Mucu-Tone. It will purify your blood, strengthen the various organs of your body, clear up your complexion, and make you strong and well.

Famous Jurist Indorses Mucu-Tone.

"Owing to the sedentary nature of my occupation, six months ago I felt decidedly out of sorts, and I thought I would have to lay aside my judicial duties and spend some time at a health resort. My appetite began to fail me and I was subject to a condition of general lassitude."

"A physician who is one of my intimate friends told me that I exhibited the ordinary symptoms of catarrh of the stomach. I was about to purchase a course of medical care when I heard from a number of police officers attached to the station that they had been relieved of similar ailments through the use of Mucu-Tone; so I sent to the corner drug-store for a trial bottle. What the real nature of my ailment was I cannot say. It has gone now and I am as well as I have ever been in my life. A few bottles of the remedy removed the worst vestige of my trouble. Having received such beneficial results from it, I have no hesitation in recommending Mucu-Tone."

Theodore C. Mayer

Judge Theodore C. Mayer presided at the Chicago Avenue Police Court, a court famous in Chicago's criminal history. Here it was that the anarchists were arraigned, later the Cronin murder suspects and Adolph Luenger, the wife murderer. Judge Mayer is known personally to thousands of all walks of life, and he has a broad sympathy with the hopes and aspirations of the great body of the common people.

RUN-DOWN PEOPLE NEED MUCU-TONE.

Until lately it was thought that catarrh was confined to one particular portion of the mucous membranes and attacked all of the mucous cells in that particular part. Now, however, science has proved that the affected cells may be scattered over the entire body—a small patch here and there—and that, while the congestion is not suffi-

We hereby guarantee that Rexall Mucu-Tone will positively and permanently cure every form of catarrh, no matter what organ is affected or how long the disease has stood. We guarantee Rexall Mucu-Tone to be one of the best nutritive tonics and body builders known in science—that it will give you an appetite and strengthen you bodily and mentally, that it will quiet your fagged nerves and bring you sound, restful sleep.

If Mucu-Tone fails to do all this—if it fails to give full and complete satisfaction in every way—bring back your empty bottle and we will promptly and cheerfully refund the money.

This is not the guaranty of an irresponsible party, but of the one thousand leading druggists of the United States—men doing an aggregate business of \$70,000,000 annually and rated in Dun's and Bradstreet's at over \$20,000,000.

ciently acute in any given part to be designated by the name "catarrh," it is ample to poison the blood and create a general condition of physical and mental depression, weakness, and misery.

In this last form catarrh causes more weakness and suffering than in all others combined.

Not one person in a hundred wholly escapes it, not one of the hundred have any idea of what it is that is breaking him down, what is making him so weak and miserable.

But whatever form catarrh may take—whether in the nose, throat, stomach, or kidneys, or whether systemic—Rexall Mucu-Tone quickly cures it. We know this and we guarantee it.

If you are weak, worn out, run down, nervous, irritable; if your sleep fails you; if you are unable to concentrate your mind; if you have dull pains in the back and kidneys, or your stomach out of order, you may be sure you have systemic catarrh. If so, buy a bottle of Mucu-Tone today and begin taking it at once—a tablespoonful three times a day. It will make you well and strong; make you feel better than you have in years.

Has Never Failed to Cure.

"I have used Rexall Mucu-Tone with the most beneficial results. I can state it for any form of this disease. Many of my friends and acquaintances have used it and I do not know of a single case in which it has failed."

Has Never Failed to Cure.

"I have used Rexall Mucu-Tone with the most beneficial results. I can state it for any form of this disease. Many of my friends and acquaintances have used it and I do not know of a single case in which it has failed."

Thomas A. Rooney

Ald. Thomas A. Rooney, of the 5th ward of the city of Chicago, is one of the leading men in the younger element of the Democratic party. He is regarded as one of the coming men in the city. The council of his party, for coming men, has made a fine record in the city council and has demonstrated the qualities of leadership. Mr. Rooney is the proprietor of a large dairy business and is favorably known in business circles in his ward.

A Man Who Knows Drugs.

"When I talk of proprietary remedies I know what I speak. I have sold tens of thousands of dollars' worth of them. I can recommend Mucu-Tone as one of the best remedies in its line I have ever seen."

Michael J. Freib.

Ald. Michael J. Freib, of the 9th ward of the city of Chicago, is one of the youngest, but one of the ablest, members of the city council. His business experience has been in the selling and handling of drugs, and he is thoroughly posted on all remedies. For years he was western sales agent for a big eastern drug house and worked with exceptional success. He is a young man of force, wide attainments, and general ability.

Rexall Mucu-Tone is sold only at our store. Price, per large bottle, 89 cents. Mail orders promptly filled.

MANITOWOC FELT THE WIND STORM

Knitting Factory at Two Rivers Was Damaged Last Night—Loss Large.

[By Wisconsin News Association.] Manitoowoc, March 25.—The northern section of the county had a severe storm last night, nearly a cyclone, and thousands of dollars damage was done. At Two Rivers the knitting company plant was unroofed and good damaged. Five other factories were damaged by fire during the storm. Mishicot is under water and 50 families were compelled to abandon their homes. The total loss is estimated at \$15,000.
